August 10, 2020

Dear Friends,

Welcome! On behalf of our Committee I would like to thank you for being a part of the Stanley M. Marks, MD Golf Classic. We truly appreciate your support during these uncertain times and thank you for your commitment to the Stanley M. Marks Blood Cancer Research Fund.

We are proud that all funds raised at this event stay here in Pittsburgh. The Stanley M. Marks Blood Cancer Research Fund supports promising research projects at UPMC Hillman Cancer Center. Because of your generosity we will be able to help ensure a source of income to provide pilot funds for young investigators advancing innovative research initiatives and novel therapies.

I want to personally thank our leading corporate and individual sponsors whose financial support makes this event possible. They include Peoples; Mark Cuban Companies; PGT Trucking, Inc.; Joe Curtin; John & Kitty Goodish; Gene Trudell; Cleveland Brothers; UPMC Hillman Cancer Center; PNC; Integra Connect; REDjuvenate; Simone Karp; Sennebogen; Bloomfield Landscaping; Bowser Automotive; Cornerstone Specialty Network; CNX Resources; David Stapor, MD; Equilibrium Wealth Advisors; GCU; Glen Mede; Henderson Brothers; Mario Lemieux Foundation; Tom & Susie Lippard; Ken Melani; Min Sun, MD; McKamish; Tom Mooney; Morgan Stanley Wealth Management; Lloyd Myers; Phoenix Services; PSSI (Steelers); RBC Wealth Management; Rohrich Toyota; Jimmy & Lori Ruttenberg; Swanson Group, LTD; System One; TMS International; Wells Fargo Advisors; Larry & Jean Williams; Franco Associates; Giant Eagle; and Mascaro Construction. Thank you, also to all of the foursome sponsors and program book sponsors for their participation.

Finally, thank you to the Committee for their outstanding work and dedication. We have had to change the way we do things this year and this small, devoted group of individuals have once again organized and pulled together this amazing event completely on a volunteer basis. Because of their dedication and your support, I am humbled by the fact that we are well on our way to exceeding our goal at a time when so much in our lives has dramatically changed.

I can tell you that cancer research has evolved significantly since we started this event five years ago. We continue to witness tremendous breakthroughs in the treatment of chronic and acute leukemias, myeloma, Hodgkin's and Non-Hodgkin's lymphoma. All of you have played a part in the overall success of this event which will directly impact potential cures for these diseases.

Enjoy the day and thank you for your tremendous support.

With my sincere thanks,

A handwritten signature in black ink that reads "Stan Marks M.D." The signature is written in a cursive, flowing style.

MAKING YOUR ENVIRONMENT BETTER

Look up. Chances are the sky above you is clearer than it used to be. One reason for that is that natural gas is powering more of the generators that bring electricity to homes in this region. That's just one of the many changes we're helping bring about to reduce carbon emissions while keeping energy costs low.
